

The Jetty
AT COLMORTH

Welcome to Colmworth

If you have found us - it's because you're looking for a wedding venue with something that little bit different for your special day. You want to celebrate your love for one another with everything "YOU" and don't want to be put on the run of the mill wedding conveyor belt.

We can't wait to show you around as there is no easy way to describe Colmworth, we're not your average venue and you need to see it to believe it! But for now, here is a little taster of what is available.

The Jetty

If you are searching for a breathtaking outdoor venue for your wedding - look no further!

The Jetty has been lovingly created to offer couples a stunning blank canvas lake side wedding venue.

A rustic decked ceremony area leads out to the Jetty which supports a wedding shelter and idyllic spot to exchange your vows.

The shelter was created by a local chainsaw artist and boasts a unique character and style.

After your ceremony, take the flagstone steps up to the top tier lawn for your reception and stunning lakeside views.

Create your own wedding day specific to your own requirements - pick the marquee of your dreams, your favourite food and entertainment and we'll provide the space for you to do it!

Don't worry if this seems a little daunting - our fabulous event manager Roxy from Blank Canvas Planning will be there by your side to help create your most perfect day.

The Jetty and its surrounding gardens are beautiful all year round and can be hired on its own or alongside our indoor venue if you are concerned about the weather.

A Helping Hand

Our ethos is to provide you with an inclusive and supportive venue package, whilst allowing you to retain creative freedom on the style and vision of your big day.

Support and guidance come within your package at The Jetty, as we want you to be able to kick back relax and have the best time possible with your loved ones!

To ensure this is possible we have teamed up with Roxy from Blank Canvas Planning.

Roxy brings an added bonus to your planning journey, with years of experience in blank canvas events and an expert knowledge of marquees/tipis and yurts she has developed a great eye for detail and is truly meticulous with organising every aspect of the event.

Along side her understanding for detail and the importance of planning for all eventualities she is mindful of couples and their planning journey and will be on hand as much or as little as needed.

A Tree in Your Name

If you book your wedding with us, we will gift you your own wedding tree - planted within the grounds here at The Jetty with a plaque to include your married name and date.

Come back each year - reminisce and see your tree grow!

We have 4 unique lake side cottages with stunning views that can be hired for you and your guests for your wedding weekend.

Ideal for bridal party preparations, wedding guests from further afield or even for your honeymoon suite. We can even build in a hearty, locally sourced breakfast for the morning after should you want to get together with friends and family to reminisce over your special day.
